

## RESOLUTION BT 19/2004

**Subject:** Representativeness in CEN drafting bodies

Having noted document BT N 7112 relating to concerns expressed as far as representativeness in CEN drafting bodies is concerned, BT agrees

- that the CEN List of Participants, which each participant in every technical body meeting is required to sign, be modified to include also the participants' national affiliation, appointing body, employer and sponsor (if the employer is not the sponsor);
- that a right to call for a review of WG membership is introduced. This right is to be limited to members of the parent TC and the CEN Members;
- that the process for the nomination of experts to WGs be reviewed.

BT asks CMC to issue related BOSS guidance through BT/WG 153, taking account

of comments made by the members, in particular AFNOR, BSI and NORMAPME.

*This resolution is applicable as from: 2004-05-14*
