

DECISION BT 33/2012

(46th BT/TCMG item: 2.2.1)

Subject: BT Action 1.1.3 – To strive for an integrated quality approach for standards (operational) – Implementation of corrigenda

BT,

- considering
 - o Resolution BT 25/2009 and BT Action 1.1.3.4 requesting that the issue of consolidation of corrigenda be examined;
 - o the report and recommendations of the working group for BT Action 1.1.3 'To strive for an integrated quality approach for standards' on the implementation of corrigenda in document BT N 9085,
 - o the proposal for the revised procedure and flowchart for issuing corrigenda, in Annex to BT N 9085;
 - o the discussions at the 46th BT/TCMG meeting;
- decides
 - o that corrigenda on a standard shall not be consolidated unless an amendment is issued for that standard after issue of the corrigendum;
 - o that the national implementation of corrigenda on ENs shall be mandatory, when the national implementation of an EN is impacted;
 - o that the CEN National Members shall inform CCMC, through iProjex, of the information relating to the national implementation of corrigenda;
- asks CCMC to make the necessary modifications to iProjex and to prepare related guidance for application by the Members by the end of Q1 2013;
- stresses that this process will have no retroactive effect on existing corrigenda;
- asks CCMC to update the procedure and flowchart on BOSS, taking into consideration the comments made at the 46th BT/TCMG meeting.

This Decision is applicable as from: 2012-12-13
