

DECISION BT 36/2014

Subject: Centralized EN review process – Follow-up to BT 17/2012

BT/TCMG, on behalf of BT,

- considering
 - the report of the Working Group responsible for BT Sub-Action 1.1.3.6 'Establishing a mechanism for ensuring that CEN's products are regularly reviewed (e.g. processes for maintenance and revision of EN)' presented in BT N 9011 at the 72nd BT meeting;
 - Decision BT 17/2012 asking CCMC to elaborate a proposal for a centralized review process based on the elements in this report and feedback from the 72nd BT meeting;
 - the overview of ENs due for review and corresponding Secretariats, as in Annex 3 to BT 9616;
 - the planning of the review process as detailed in Annex 2 to BT 9616;
- approves the 'Centralized Review Process for European Standards' presented in Annex 1 to BT 9616;
- decides to implement this new review process as of 2015-07-01;
- approves the planning of the future review process described in Annex 2 to BT 9616;
- asks CCMC to delete alert 5 (review) for ENs and introduce a new alert for reminding of open review decisions of ENs on Projex-online ;
- asks CCMC to maintain alert 5 (review) for review of TS and CWA on Projex-online;
- requests TCs to start initiating overdue reviews in order to reduce the workload when implementing the new review process;
- asks CCMC to initiate a review of the centralized review process 1 year after its implementation.
