- decided
 - o to abandon PQ/UQ procedure and to delete all references to them from the Internal Regulations Part 2;
 - o to set the default UAP procedure to 3 months, noting that in CEN, BT approval would be needed if and when a TC wants a UAP for NWI or to change the enquiry + formal vote track to UAP,
 - o to rename TCA into 'Vote on TS' and 'Vote on TR', asking CCMC to modify the database;
- asked CCMC to undertake the necessary actions to have the changes integrated into a new edition of the Internal Regulations Part 2.
