

RESOLUTION BT 63/1996

Subject: Links between clauses of ENs and Essential Requirements of New Approach Directives

BT,

- confirming its policy and guidance on the links between clauses of ENs and Essential Requirements of New Approach Directives (Resolution BT 113/1995),
- confirming that the mentioned informative annexes containing this information are an integral part of the standard,
- confirming that these annexes need normally to be provided during the elaboration of the standard,

decides that later additions of such annexes must follow the procedures as applicable for Amendments and not Corrigenda, that such Amendments need to be fully prepared by the CEN/TCs and be sent with a TC resolution to CS for further treatment.
