

RESOLUTION BT 92/1994 Revised

Subject: Policy regarding CEN documents supplementary to or derived from EN 29001, 29002, 29003

BT approves the following policy, amended in accordance with the comments from the convenor of BT/WG 81:

"When there is a need in a specific economic sector for additional sector-specific guidance on implementation, and/or additional sector specific requirements to EN 29001, 29002, 29003, those shall maintain the integrity of the EN 29001, 29002, 29003 clause/subclause structure. It is recommended that during the development phase and up to the formal vote, the document should reproduce the text of EN 29001, 29002, 29003 in its entirety together with the additional sector-specific guidance on implementation, and/or additional sector specific requirement clearly identified in the relevant subclause".

The final publication shall not reproduce the text of EN 29001, 29002, 29003, but make reference to it.

Note: Since Resolution BT 92/1994 Revised was adopted, EN 29001, 29002 and 29003 have been replaced by EN ISO 9001.
