

RESOLUTION BT C8/2012

Subject: 2011 Causal analysis of Technical Body origin Corrigenda

BT, having considered document BT N 8837,

- reminds the Technical Body Secretaries to take the necessary steps in order to ensure that drafts emanating from Working Groups, and that are sent to procedures, are accurate regarding technical content;
- invites the Technical Body Secretaries to involve the corresponding Working Group Convenors when proofing the final text for publication;
- asks CCMC to only issue corrigenda that correct mistakes which lead to an incorrect or unsafe application of the Standard;
- asks CCMC to carry on the Causal Analysis during 2012 to monitor the causes of Technical Body corrigenda;
- asks CCMC to report back on the Causal Analysis of 2012 by January 2013.

This resolution is applicable as from: 2012-02-23
