

## **RESOLUTION BT 26/2007**

**Subject:** Limited lifetime of prENs – Change of procedure

BT/TCMG, on behalf of BT, decides that the procedure approved by Resolution BT 44/2001 in order to ensure a timely progress after CEN Enquiry or PQ Procedure of those work items that have been registered in the CEN programme before 2002-11-01 is modified as follows:

- each month CMC detects all the work items for which the CEN Enquiry or PQ Procedure ended more than 12 months in the past and reminds the responsible CEN/TC Secretaries that a draft must be sent to CMC within 6 months for submission to Formal Vote or 2nd CEN Enquiry (case of prEN) or vote (case for which the CEN/TC has decided a change of deliverable from EN to CEN/TS or CEN/TR);
- if no revised draft is received in time, the corresponding work item is deleted.

This Resolution is applicable as from: 2007-05-31
