

## **DECISION BT 35/2014**

**Subject:** Implementation of a 3 month Enquiry procedure with associated weighted vote and optional Formal Vote for CEN home-grown projects

BT/TCMG, on behalf of BT,

- considering the CEN/CENELEC/BT WG 7 'Reduction of development time' implementation plan for a 3 month Enquiry procedure with associated weighted vote and optional Formal Vote given in BT N 9603 Annex 2 and BT N 9603 Annex 3;
- considering the majority in favour of option 3 where the default duration of the Enquiry period is 3 months with the possibility for a 1 month extension following NSB request;
- decides to adopt the new process associating a vote (in line with IR2 sub-clause 6.2) to the CEN Enquiry and where the results thereof meet the necessary approval criteria, the Technical Body can decide to skip the Formal Vote (as given in BT N 9603 Annex 2 revised i.e. in case of technical changes, go to FV);
- decides to adopt the new process for all CEN Enquiries delivered to CCMC by Technical Bodies as of 2015-01-01, taking into account the need to adapt the balloting tools;
- requests CCMC to update the related BOSS documentation to reflect the new process;
- invites CENELEC BT to adopt the same approach for home-grown standards;
- asks the JWG R&P to align IR2 accordingly.
