

RESOLUTION BT 51/1999

Subject: Review of BT/TCMG operation

BT, noting the positive summary of the work of BT/TCMG, as given in document BT N 5854,

- welcomes the progress in speed and efficiency, as well as the transparency reached by this new mode of operation;
- thanks all participants for their work;
- decides that the new mode of operation shall be kept, always taking into consideration the need for subjects to be discussed, including proposals from chairman, secretariat, BT members and observers.

This resolution is applicable as from 1999-12-02
