

## **RESOLUTION BT 53/1999**

**Subject:** TC Restructuring - Way to proceed

BT, approving the report of BT/WG 103, decides to implement the recommendations as given in document BT N 5859, i.e. in general it will no longer be allowed to create new SCs, and existing SCs have to be considered and treated in different ways. The decision on how to proceed should be taken by the parent TC (with the assistance of TCMG or BT, if so desired), as soon as the TC wishes but on condition that the migration to the new structure is achieved either:

- when the last WI in the SC work programme reaches Stage 49, or
- when the life of the TC's adopted Business Plan expires

whichever happens first.

The CEN Management Centre is requested to monitor the implementation of these recommendations and to report to CEN/BT after one year of experience.

*This resolution is applicable as from 1999-12-02*
