

## RESOLUTION BT 55/1994

**Subject:** Development of ENs in the context of New Approach Directives

BT, having noted the CEN/CS report on the written consultation and the comments made during the meeting, approves the procedure as given in this document for immediate application subject to the following modifications to be brought to the document:

- replacing the paragraphs relating to the identification of the link between the clauses of standards and essential requirements of directives and those relating to the translation of the titles of the ENs in the EEA languages, by a general statement referring to the applicable CEN rules on these matters (clause 4 page 4, annex 2, annex 4 and annex 5);
- re-introducing the diagram of the original version;
- introducing modifications of editorial nature to be received from EFTA
