

RESOLUTION BT 67/2000

Subject: Product standards and factory production control

BT

- confirms that the permission expressed in Resolution BT 71/1999 (factory production control in the normative part of product standards) is limited to the construction products sector;
- decides that any TC outside the construction products sector which would like to obtain such permission, shall submit their proposal to the relevant sector forum (fora), of which the Rapporteur(s) would present the matter at the following BT meeting.

This Resolution is applicable as from : 2000-11-09
