

RESOLUTION BT 143/1992

Subject: Procedure to speed up resolution of comments following enquiry
BT agrees that:

- a CEN/TC, when deciding to forward to CEN/CS a draft to be submitted to the public enquiry, has also to schedule a "comments resolution meeting" of its appropriate body, within four months from the deadline of the enquiry.
- during the "comments resolution meeting", the CEN/TC has to resolve comments received during the enquiry and, if necessary, to take all relevant actions so that a draft is ready in CEN/CS for submission to formal vote, within twelve months from the deadline of the enquiry (or according to set target dates if this would be earlier). Therefore it can be necessary that procedures by correspondence have to be used or that additional meetings have to be foreseen.

CEN/CS is especially requested to follow up this procedure and report regularly on it to the BT.
